

## REAL ESTATE SIGNS ORDERED REMOVED

Corporation Council Decides No Firm Can Maintain Board On Public Property.

Under a ruling of the Corporation Counsel, made public today, owners and agents of real estate will be compelled to remove real estate signs from all public spaces. The District appropriation bill provides that "hereafter no signs or advertisements shall be located on the sidewalk or parking." Corporation Counsel Thomas was asked by the Commissioners whether the law affects signs located on public space prior to the passage of the act. His answer is that the law requires the removal of all signs at present existing on public space.

Prior to the enactment of the District appropriation bill the location of one real estate sign on a sidewalk or parking was permitted under the police regulations, while there was no limit to the number of signs that could be erected on the property. The present law limits the number of signs on "any lot, piece, or parcel of land abutting on a street, avenue, or road in the District" to three.

The Commissioners are authorized to use their police authority to require the removal of any sign or advertisement in violation of this provision, the penalty for non-compliance with which is a fine of not less than \$5 nor more than \$25.

Plans are being made by the Commissioners for the issuance of permits for the erection of signs in order that there may be a record kept of the number on each piece of property. The Corporation Counsel is of the opinion that a fee can be charged sufficiently large to cover the actual cost of issuing such permits.

## SAGUE TO BE NAMED FOR COLLECTOR JOB

Robert Woolley Scheduled To Be Made Auditor of Interior Department, Is Report.

John K. Sague, former mayor of Poughkeepsie, N. Y., will be named by President Wilson as collector of the port of New York to succeed William Loeb, Jr. This is a marked victory for the anti-Tammian element in New York.

It is also stated today that Robert Woolley, scheduled for appointment as Assistant Secretary of the Treasury, will be made auditor of the Interior Department, owing to the fact that William F. McComb was opposed to his appointment to a Treasury position. Woolley and Secretary McComb are personal friends, and the fact that McComb clashed on the appointment, and it now appears that the national chairman of the Woolley campaign, Secretary McComb has had nothing definite to say about the Woolley appointment on several occasions when questions have been addressed to him except to say that "Woolley would be taken care of."

## ALEXANNRIA BARS CRIME PICTURES

"Movies" Must Censor Their Films to Avoid Trouble With the Virginia City's Authorities—Roller Skaters and Dogs Are Also Considered.

WASHINGTON TIMES BUREAU, ALEXANDRIA, VA., MARCH 26. Four important additions to the laws of Alexandria were passed by city council at its meeting last night and will go into effect as soon as they can be signed by the mayor. They are:

Prohibiting dogs from running loose on the streets or on vacant lots without muzzles and providing a fine for the owners of the dogs from \$5 to \$10, as well as the extermination of animals found without muzzles.

Prohibiting the use of roller skates on sidewalks except by children under ten years of age; no skating to be permitted on streets where there are electric railways and other regulations for the safety of the children and the public included.

Limiting the speed of automobiles, motorcycles and other vehicles on the streets of the city to twelve miles an hour and to six miles at crossings and providing rules for the regulations of the traffic.

Prohibiting the showing of pictures of crime on any slide or moving picture film within the city limits.

All four ordinances were passed by practically unanimous votes, the only difference between the members occurring on the question of the speed to be permitted on King street. The original ordinance provided for a speed of eight miles an hour on this street, but this was raised to ten miles by the lower board and to twelve by the board of aldermen. The latter body refused to compromise and the rate remained at the figure as fixed by them.

A resolution providing for the purchase of a new horse for the Columbia Engine Company at a cost of \$300 was passed and one making an appropriation of \$300 for a motor cycle for the use of the police department was referred to the committees on finance and police.

The opening night of the three days' program arranged for the dedication of the new Westminster Hall of the Presbyterian Church drew a large audience to the building last night. It was Sunday school evening and the program was in charge of the teachers and children of the Sunday school. A feature of the evening was the unveiling of a tablet to the memory of Edmund E. Witmer, superintendent of the Sunday school for twenty-five years and to the Rev. W. A. Slaymaker, teacher in the Sunday school and a trustee of the church. The tablet was unveiled by Miss Witmer, of Baltimore, and the Slaymaker tablet by a daughter of the Rev. Mr. Slaymaker, of Berkeley, Va. The Rev. J. R. Sevier delivered an address. The congregation will be held tonight and the keys of the building will be turned over to the Rev. Dr. Allison, pastor of the church, by an appropriation of the building committee. Addresses will be made by the Revs. Theron H. Rice, of Richmond; Frank J. Brooks, of Rodney, W. Va.; and Joseph R. Sevier, of Augusta, Ga.

A special meeting of directors of the Retail Merchants' Association was held last night and Harry White was elected secretary and treasurer in place of J. I. Preston, who resigned on account of his duties as secretary and treasurer of the Chamber of Commerce.

In the corporation court today T. Moxley Ervin was appointed a trustee of the M. E. Church, South, in place of John P. Robinson, deceased.

The contest over the postmasterhip of Purcellville, Loudoun county, between Eugene Monroe and Milton Cummings is being watched with great interest in Alexandria because of the probability of the same plan being adopted in this city by Congressman Charles C. Carlin for the selection of the postmaster for Alexandria. Mr. Carlin stated today that he was not prepared to announce the adoption of the plan in Alexandria until he had seen how it works out at Purcellville.

According to the plan which is being carried out in that town, all white Democratic adult patrons of the postoffice, including persons residing on rural routes, will be given an opportunity to sign the petition of either of the candidates.

Many people treat their house, dogs and other things in which they are interested with more thoughtfulness than their stomachs.

We take precautions against fire and other damage to property, but what care or thought do we give our bodies? Almost none! Somehow we have an idea that our mortal frame will stand any abuse heaped upon it, so we go on tormenting it until it becomes defiant and rebels.

A little fire bell in the system always rings to sound the warning. We have an ache, pain, a bad taste in the mouth, or something out of the ordinary. What is the cause? Just this—been eating too much, too fast, or something that the overloaded and tired digestive organs refuse to handle in the natural way.

Be prepared for these warnings. Mi-O-na Tablets are a specific for stomach ills. Get a box today—always keep them in the house—carry them when traveling—take them at the first warning of stomach distress.

If you have that uncomfortable feeling of fullness, if your stomach is upset, tongue coated, head aches, you feel dizzy at times, and are irritable and depressed, beware—you are warned that the stomach and digestive organs are in rebellion. Do not delay. Take Mi-O-na—at once—immediate relief is certain.

## BOY SCOUTS, CAUGHT IN RAIN, "HIKE" ON

Lord Percy's Troop Sticks to Its Plans for Virginia Camp Despite Storm.

Undeterred by the deluge of rain which came just as the party was preparing to start for a three-day camp at Chain Bridge, Va., Lord Eustace Percy and a troop of twenty Boy Scouts began their hike for the camping place at 10 o'clock today. When they arrived at the bridge later in the day a roaring fire was made, and the Scouts dried out and cooked lunch. No had after effects of the wetting is expected.

Merit badge examinations will be held in the office of the scout commissioner tomorrow, beginning at 5 o'clock and lasting until 7. Tests will be given on cooking, craftsmanship, civics, swimming, and life-saving.

## Entertainments for Blind.

Dr. N. H. Holmes will deliver an address at the Library of Congress this afternoon at 2:30 for the blind. His subject will be "Turkey and the Turk." A musical will be given Friday evening at 8 o'clock with Mrs. Woodbury, soprano, and Miss Edith Keyes, pianist.

## Cost Goff Five Cents To Become Senator

Senator Goff of West Virginia, who has been transferred from the bench to the Senate by the legislature, as the only candidate of the Senatorial tangle, has been casting over his accounts to find how much money the Senatorship cost him, as he is required to make a statement of his expenses.

The West Virginia Senator discovered the election cost 5 cents. This was the price of a telephone call from a friend at the State house informing him of his election. The friend, however, paid the 5 cents.

## Fraternity Plans Banquet.

The Edward Douglas White senate of Theta Lambda Fraternity, Georgetown University, is making arrangements for its annual banquet in May. Among those who will speak are the president of the fraternity, J. Edwin Tyler; former President J. A. Masurie, Harvey D. Jacob, and John J. Congrove. The chairman of the entertainment committee is J. Newton Bobbitt.

## KIRMESS VISITORS TO SEE VAUDEVILLE

Midday Luncheon of Affair Proves Popular; More Than 500 Served Each Day.

Special features being arranged for the Kirmess given by the five councils of the Knights of Columbus at their temple, 608 E street northwest, include a vaudeville performance for tonight, a series of lectures and talks by prominent people tomorrow night, and a special afternoon reception and dance to young collectors, boys and girls, Saturday afternoon and evening.

The mid-day luncheon is proving a special attraction, more than 500 people being served each day. Pretty girls, garbed in the costumes of our grandmothers, or as Colonial damsels, receive guests and provide them with refreshments. The home atmosphere is emphasized and this appears to please the many patrons of the luncheon.

The contest for the most popular grand knight has waxed keen, the strongest rivalry being shown between Dr. Joseph Mudd, of Washington Council, and Frances J. P. Cleary, of Spaulding Council.

## Clapp Proposes Way To Cut Election Cost

Senator Clapp proposes a method to do away with costly campaign tours and other methods of political advertising by Presidential candidates. He would apply the Oregon primary plan to the election of the President.

If a bill in favor of should become law, in charge of the country would receive a pamphlet printed at the expense of the Government detailing the reasons why each of the candidates for President, duly placed in nomination, should receive support.
